Take-Off Tire Procedures June 10, 2023

Limited Late Models

Limited Late Models must compete on takeoff tires purchased from Nashville Fairgrounds Speedway through the tire draw/selection process in 2023.

Nashville Fairgrounds Speedway approved competition tires for 2023 are: Hoosier Race Tire F-45 and F-50. Only F-45 tires may be used on the left side of the car and only F-50 tires may be used on the right side of the car.

Teams must race on the same set of tires used for qualifying. Cars may be stopped after qualifying for tech inspection.

Tire Selection Process: Two teams of two people will have five minutes to select tires. The order of selection is determined by order of 2023 NFS LLM Championship Points and a random draw. The points leader will select first and draw for another team to select. Once the first two teams have selected their tires, the second-place team in points, if not the random draw, will select tires and draw for the accompanying team. Teams may only select two Hoosier F-45 tires and two Hoosier F-50 tires. All tires must be paid for and recorded (i.e., scanned/stamped) by an NFS Official before they may leave the tire barn area.

The Hoosier Tire Barn at Nashville Fairgrounds Speedway will be open for Limited Late Model Tire Selection on Wednesday, June 7 from 5:00pm until 6:00pm.

Use of tire softening or altering agents are not permitted, at any time. Tire inspection and the use of standard lab testing procedures will be performed.

Any attempts to circumvent the Tire Procedures may result in disqualification, fine, and/or suspension.

Street Stocks & Pure Stocks

Street Stocks, Pure Stocks must compete on takeoff tires purchased from Nashville Fairgrounds Speedway through the tire draw process in 2023.

Nashville Fairgrounds Speedway approved competition tires for 2023 are: Hoosier Race Tire F-45 and F-50. Only F-45 tires may be used on the left side of the car and only F-50 tires may be used on the right side of the car.

Teams must race on the same set of tires used for qualifying. Cars may be stopped after qualifying for tech inspection.

Tire Draw Process: Teams may only draw for one set of four race tires this race. Each set will have two Hoosier F-45 tires and two Hoosier F-50 tires. All tires must be paid for and recorded (i.e., scanned/stamped) by an NFS Official before they may leave the tire barn area.

Teams may only replace a drawn for tire if the original tire is damaged and the replacement has been approved by an NFS Tire Official. The approved replacement tire shall be randomly selected.

The Hoosier Tire Barn at Nashville Fairgrounds Speedway will be open for take off tires early pickup on Wednesday, June 7 from 5:00pm until 6:00pm.

Use of tire softening or altering agents are not permitted, at any time. Tire inspection and the use of standard lab testing procedures will be performed.

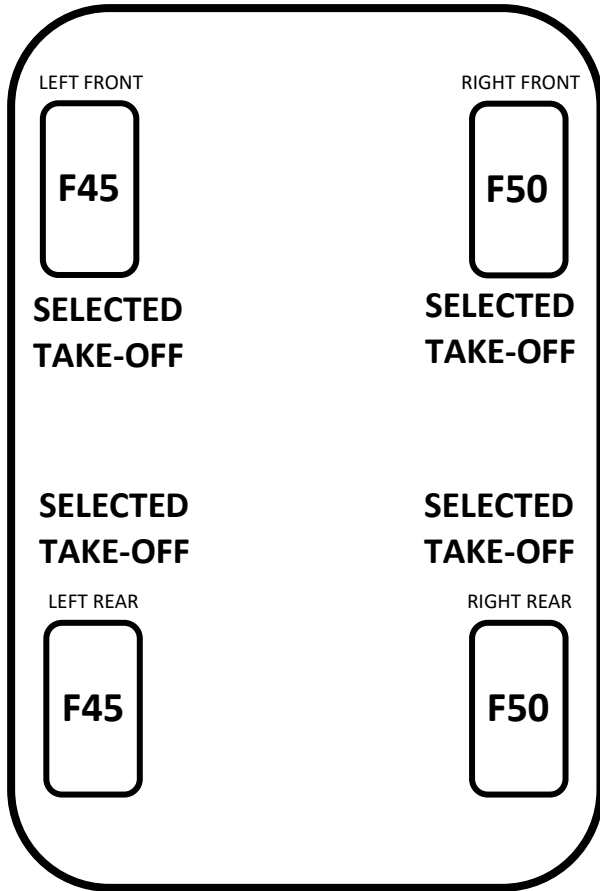

Any attempts to circumvent the Tire Procedures may result in disqualification, fine, and/or suspension.
